**COVID**

A few parents are querying what to do if their child tests positive for COVID. The following guidance is taken from the government website:

*This guidance came into effect on 24 February 2022 and will be updated on 1 April 2022.*

*If you have COVID-19 you should stay at home and avoid contact with other people. You should also follow this advice If you have a positive LFD test result, even if you do not have any symptoms.*

*You should:*

*Not attend work. If you are unable to work from home, you should talk to your employer about options available to you*

*Children and young people with COVID-19 should not attend their education setting while they are infectious. They should take an LFD test from 5 days after their symptoms started (or the day their test was taken if they did not have symptoms) followed by another one the next day. If both these tests results are negative, they should return to their educational setting if they normally attend one, as long as they feel well enough to do so and do not have a temperature. They should follow the guidance for their educational setting.*

**Good Luck**

**Donated Uniform**

We are in the process of setting up a website where we sell good quality 2<sup>nd</sup> hand uniform to parents who struggle to purchase new items. The website will be available to all parents and the proceeds of the sales will go to support the school. If you have any good quality uniform that your child has grown out of we would be grateful if you can bring it along to school. Thank you for your support.

**Free School Meals**

If you are not in receipt of free school meals already we have purchased a new online application system for you to check to see if you are now eligible. The application process is simple and does not require you to provide any documents. You can find this on our school website under Parent Information, Free School Meals.
