<b>Total</b>	<b>£12,865</b>

### Attendance

Monday	44
Tuesday	45
Wednesday	43
Thursday	43
Friday	40

## Evaluations of the summer school

Today our theme was humility. Some of the way I tried to be humble are helping the caretaker when the boxes fell of the trollies.  
**Jackson**

Today our theme was humility. I stopped to help one of the school staff when things fell off the trolley. I've also done RE, Science and ICT today. I enjoyed everything.  
**Miky**

We had an assembly about humility and did some experiments with magnets which were fun. **Isobel**

In Summer School today we learnt about Isaac newton  
 And we learnt about magnet and played with them  
**Logan**

This morning we learned about Isaac newton and humility then we learned about the Science of magnets then we did some RS/RE about stained glass then we wrote this and have yet to build the tallest tower without it falling over I hope I win . Robert

We learnt about Isaac Newton with Mr Fields today in an Act of Worship. We are trying to be humble too. I have been helping Mrs Cotterill.  
**Finley**

"Standing on the shoulders of giants"  
**Isaac Newton**

**Today, we have done science with Mr.Waite and we learnt what metals are magnetic. There are only four.** Alice

I can't wait to start school here in September.

We only have 2 days left. :(

I'm in group three so I went to do science with Mr Waite. It was amazing! We experimented with magnets and I'm pretty sure we ALL learned something new!  
**Coobeha**

Today our theme was humility, some of the ways I tried to be humble are holding doors for people or just being kind to others in general. Today we have done science and religious studies and are all looking forward to making towers as tall as Mr Waite. I have really enjoyed science because we got to test magnets with iron filings. **Benji**

My favourite was dodge ball as we won all of our games. We said well done to the other team because we were being courteous to them.

Zach

Today our daily theme was courtesy, and we had to be courteous throughout our day. Being kind and respectful to each other by leaving doors open. Mak

I had lunch with Mrs Cotterill exchanging facts about eco energy and how you can sell the tower to the grid! now we are doing the newsletter I can't wait for the tower building!!! Today has been amazing!!

Chandler

We learnt about Oscar Romero, this was really fun because we got to design a cross and listen to other peoples ideas.

Olivia

Dodgeball was really good because I caught the ball and won the game.

Satvir

We did Languages which was very fun. I met some more friends today and played with them.

Riya

**At bench ball we might have lost but it doesn't matter at least we had a fun. Well done to the other team**

Ollie

Today our theme was courtesy, Ways I have tried to show courtesy is by being kind to people and being respectful.

Jayco

Today I did dodgeball and I was good because I lasted a long-time because I kept dodging

Jayden

**A way I have been courteous is by being polite and respectful to the teachers and my friends I have made.**

Dawid

Even though I hadn't played table tennis before it was great fun.

Dita

I have spoke to some new people which made me feel happy because it makes me let I am getting along with people.

Ashley

This week at Summer School has helped me meet some teachers, new friends and I also got to know my way around the school a bit.  
**Amelia**

We talked about ideas on how we can stop climate change. Some of our ideas were to recycle, turn off lights that we are not using, use less paper, turn off the tap when we are not using it and cut down less trees.  
**Darcey**

We are doing Olympics later on in the day (which we are doing after lunch) I am looking forward to it as I really enjoy doing sports!  
**Hallie**

I still remember on the first day we did map reading which has helped me find my way around the school ready for September.  
**Harry**

Today is the last day of Summer school. I really enjoyed this week and hope it will never end, but sadly today is the day we all stop coming till September.  
**Joseph**

Today we talked about saving the world/people from climate change. We talked about different ways to help the world.

**Lilly**

We have worked in teams to notice things about the school we didn't know.  
**Harry**

This week has been so good it has given me a good picture of what things in year 7 September will be like.  
**Inaayah**

Today we were talking about climate change and what we need to do to stop it.

**Liam**

We love visiting the secondary school we were going to go to in the future. Thank you for making this happen. See you in September.  
**Thenuha**

Finally, today the last day we started of the day doing some CAFOD games colouring the world how we want the world to be and, in the afternoon, we are doing Olympics.

**Olivia**

I was VERY very nervous on my first day of summer school but I made lots of friends quickly. Every lesson was made fun.

**Luke**
