	March	National Careers Week	2, 4, 5
Summer	July	National Citizenship Programme	2, 5, 6, 7
	August	Results Day Guidance	2, 8

Lunchtime sessions will run throughout the year and will be open to all year groups. This extracurricular activity may cover guidance drop ins, guest speakers or workshops. Depending on the content or speaker, students may have to book popular opportunities via Ms Taylor. (Benchmarks 2, 3, 5, 7, 8)

During National Careers week, all students in all year groups will be invited to an assembly with a member of our Alumni from a range of sectors. In addition, we will have lesson takeovers from employers and each curriculum area will promote careers in the curriculum within their subject. Labour market information will be promoted through the student bulletin and parents' newsletters (Benchmarks 2, 3, 4, 5)

If opportunities become available that fit within our Careers programme, we will readily expand our offering. The tables within this document are the minimum that students will receive within their academic year.
