James Longden

Written by Ms Taylor

Within my volunteer role at Scunthorpe Cooperative Junior Choir, I am lucky enough to work alongside our very own Mr Daniel Fields and James Longden. James accompanies the main choir section of the organisation and not only is he a talented musician, he also happens to be another one of our St Bede's alumni group.

During the summer, Mr Fields and James were asked to record for the BBC Songs of Praise at St Mary's Church in Scarborough. Along with 300 singers, they performed a number of hymns to celebrate the 200th anniversary of the RNLI - The Royal National Lifeboat Institution. The event will be publicised on television by the BBC across a number of their episodes of Songs of Praise.

Happy New Year

The year 2024 brings lots more careers activity for us here at St Bede's. We are looking forward to the BAE STEM Roadshow with year 8, University trips with Year 9 and college taster days for Year 10. Keep up to date with our activities on our social media channels

Mock Interview Day

by Ms Taylor

On Tuesday 30th January we will host our annual mock interview day for our Year 11 students. On this day all students will participate in a short mock interview with an employer of their choice. This event is designed to help our students gain confidence and practice to make them work ready. Last year's event was a resounding success with positive feedback from all stakeholders, and even led to one student obtaining a part time job as a result.

We have a number of well regarded businesses and employers supporting the day, including Birch Chemicals, Active Humber, Kixx Football Academy and the Royal Air Force.

Upcoming school events for careers
